

Curriculum Vitae

General Information

Surname: Malek Mohammadi
First name: Neda
Title: Ph.D. in epidemiology
Date of Birth: 28/9/1992
Place of Birth: Kerman, Iran
Tel:
Cell Phone: +98 9139455033
E-mail: malekmohammadineda122@gmail.com

Education and Training

B.Sc. in Public Health: Kerman University of Medical Sciences, Kerman, Iran

M.Sc. in Epidemiology: Kerman University of Medical Sciences, Kerman, Iran

Ph.D. in Epidemiology: Kerman University of Medical Sciences, Kerman, Iran

Thesis

Determining the validity and reliability of the HAT-QOL questionnaire and estimating quality of life and HIV-related stigma in people living with HIV/AIDS in 2018 (Master's degree)

Investigating the impact of drought on health outcomes (physical, mental and social health) and determining the relationship between drought severity and dust with mortality rates in southeastern Iran (Kerman and Zahedan cities) during the years 1385-1401. (PhD)

Research Projects

	Title	Year
1	The prevalence of addiction to online social networks among students of Kerman University of Medical Sciences in 2017.	1396
2	The relationship between type of delivery and postpartum depression in women referring to health centers under the auspices of Kerman University of Medical Sciences in 2017.	1396
3	Evaluating the Cox regression model to investigate the factors affecting the time from marriage to first pregnancy and also using the recurrent events model to investigate the factors affecting the recurrence of pregnancies in women aged 15-49 referring to clinics in Kerman city in the first half of 2018.	1397
4	Determining the validity and reliability of the HAT-QOL questionnaire and estimating quality of life and HIV-related stigma in people with HIV/AIDS in 2018	1397

	Title	Year
5	Measuring and comparing sleep quality, anxiety, depression, and computer game addiction in 10- to 12-year-old children of medical staff in hospitals dedicated to COVID-19 with medical staff in other hospitals and children from the general population during the COVID-19 epidemic in Kashan in 2010.	1399
6	Systematic review of mobile health interventions in supporting dementia patients during the COVID-19 crisis	1402
